Your procedure(s): Gastroscopy / Colonoscopy (circle as appropriate).

Your procedure(s) date is: ____/____/____, **Time:** 7:30am-11:30am / 12:30pm-4:30pm

If you are having a colonoscopy, you **MUST** take the medicines to clean out your bowel the day **BEFORE** the procedure. Bowel preparation is a very important part of Colonoscopic Examination as it allows your Doctor to carefully and thoroughly look for and safely remove small polyps / lesions that could enlarge overtime if not detected early. Your Doctor may have to abandon the procedure if the views are obstructed by faeces. PLEASE FOLLOW THESE INSTRUCTIONS TO AVOID THE COSTS AND INCONVENIENCE OF HAVING TO RETURN FOR A REPEAT PROCEDURE. **Please ensure you reduce the amount of vegetables consumed 2 days prior to your procedure. Avoid green leafy vegetables that contain small seeds and/or grains.**

THE BOWEL PREP KIT SHOULD CONTAIN: Three sachets of PICOPREP (15.5g)
